HEALTH UPDATE

It has been a while since I reported on our health. Cheryl has been well but has been battling allergies that are affecting her singing. Please pray for her. You may remember that two years ago I had a problem with Atrial Flutter. I had a procedure to stop it and was without heart issues until the end of that year, when I started having problems with Atrial Fibrillation. Last March I had a second procedure to stop the A-Fib. I stayed in contact with the doctor as we traveled from one end of the U.S. to Fiji and back, last year. Since I had no more heart issues, the doctor allowed me to slowly reduce my heart medications. Praise the Great Physician, for almost a month now I have been medication free and arrhythmia free! Please pray that I will continue to be without heart problems. And to those who may be facing serious physical illness, **THERE IS HOPE! OUR GOD IS ABLE!**

FAMILY UPDATE

Psalms 145:4 – “One generation shall praise thy works to another, and shall declare thy mighty acts.” One of our favorite things to do at the turn of the year is to visit our two daughters and

their families. Bethany and her family are in Fort Thomas, Arizona, while Rachel and her family are near Chicago, Illinois. It is not only a joy to know that our two children and seven grandchildren are saved and going to heaven. It is also a blessing to see how our children are training their children to serve the Lord with the talents God has given them. In fact at one church service, we had three generations serving together. I led the singing and preached. Cheryl played the piano for the congregational and special numbers. My son in law and oldest grandson accompanied the singing with guitars, and my oldest granddaughter played a special on the violin. We also had the blessing of reading the scriptures together in family devotions, and taking turns leading in prayer. We are so thankful for God's blessings to our family!
